Kanopy – Computer

You will need
- A valid Vernon Area Public Library Card
- A computer with internet
- Kanopy account (instructions below)

To create your Kanopy account
1. Visit the library website at www.vapld.info. Click on Movies. Then click the Kanopy icon. Or go directly to https://vapld.kanopystreaming.com

2. Click Sign Up in the upper right.

3. Follow the prompts for signing up: you will have to enter an email and choose a password. Kanopy will send a verification email to the email you provided. Once you receive the verification email, click the link provided to verify your email.
4. Once your email is verified. Click **Add Library Card**. Then search for and choose the Vernon Area Public Library and enter your Library Card number (found on the back of your library card) and Pin (the last 4 digits of the phone number linked with your library account). When done you will see a **Start Watching** button.

**To watch a movie**

5. Hover your mouse over a title and a **Watch** option will appear. Click on the orange **Watch** button. Press the play triangle button to watch in your browser.

![Watch button](image2.png)

**Notes:**
- You have 10 checkouts a month. Once you start watching a title it is checked out.
- Films are checked in automatically after 3 days.
- Titles are streaming only, and cannot be downloaded
- Watch through your tv with Chromecast, Apple TV, and Roku
