PressReader – Tablet or Smartphone

You will need

- A valid Vernon Area Public Library Card
- A compatible tablet or phone with a WiFi connection
- PressReader account (instructions below)

To install app and create your PressReader account

1. Go to your device’s app store (for Apple products, the App Store and for Android products, the Google Play Store), search for PressReader, and install it. When it is installed open the app.

2. To create an account, tap Sign In in the upper left. A box will pop up: tap Sign up now to create an account.
3. Follow the prompts for signing up: you will have to enter an email and choose a password. If signing up from outside the library you will have to enter a library card number.
To read a Newspaper

4. To search for a specific newspaper tap on Publications on the left side and then search.

5. Once you have found a newspaper you want to return to, press the heart in the upper right corner to favorite it. To get new editions delivered to the app you can also switch on the Auto Delivery option.

Notes:
- You have unlimited checkouts
